

Bus Stop Advertising Shelters & Benches

Benches offer low-cost advertising with high visibility along busy roads. The ad panel is 2-ft by 6-ft.

- **College students** represent more than one-third of our ridership. On-campus advertising opportunities are limited. Metro Bus gives you a chance to reach this demographic with many bus stops on campus routes.
- Pinpoint specific geographic areas with shelter or bench ads **visible to thousands** of motorists, pedestrians and bus riders daily. As part of an multi-media campaign, or as a single media campaign, these benches raise awareness of your business.

METRO BUS
the people picker-uppers.

For more information about Metro Bus, contact Berta Hartig, Marketing Coordinator, at bhartig@stcloudmtc.com or 320.529.4480.

Each shelter includes two 4-ft by 6-ft ad panels for one price. Some shelters are backlit giving your advertising impact day and night.
